### ABOUT FDIC INSURANCE

Currently, the FDIC limits the insured amount (including principal and interest) for all deposits held in the same capacity to \$250,000 per depositor, per insured depository institution and \$250,000 for certain retirement accounts. The FDIC has permanently increased insurance coverage to \$250,000 for deposits held in all ownership categories, including single accounts, joint accounts and trust accounts. Therefore, excess holdings may not be insured. IRAs and certain other retirement accounts will maintain the \$250,000 insurance coverage.

### ABOUT LIQUIDITY

Funds may not be withdrawn until the maturity date or redemption date. However, the brokered CDs are negotiable, which means that, although not obligated to do so, Raymond James and other broker/dealers presently maintain an active secondary market at current interest rates. Market value will fluctuate and, if the CD is cashed out prior to maturity, the proceeds may be more or less than the original purchase price. Holding CDs until term assures the holder of par value redemption. CDs are redeemable at par upon the death of the beneficial holder. For a detailed overview of these and other risks, refer to the Certificate of Deposit Disclosure Statement at [raymondjames.com/liquid.htm](https://raymondjames.com/liquid.htm).
